

Silver Jubilee Alumni Function, MNIT Jaipur

Department of Architecture and planning celebrate Silver Jubilee Batch 1994-1999 Alumni reunion Function MNIT Jaipur.

The Malaviya National Institute of Technology (MNIT) Jaipur recently hosted a spectacular Silver Jubilee Alumni Function, bringing together graduates from across the years to celebrate their journey and contributions to the institute. The event, held on 25th Dec 2023, marked a significant milestone in MNIT's history, highlighting the enduring bond between the institution and its alumni.

The Silver Jubilee Alumni Function at MNIT Jaipur was a resounding success, capturing the essence of the institute's journey over the past 25 years. The event not only celebrated the achievements of the alumni but also strengthened the ties between the institute and its graduates, fostering a sense of pride and community that will undoubtedly endure for many more decades.

In a heartwarming reunion, a group of accomplished architects recently returned to their alma mater, MNIT (*Formerly* MREC) Jaipur, after a quarter-century since their graduation. This significant homecoming not only marked the passage of time but also showcased the enduring impact of education and the profound journey these architects have undertaken since their days as students.

The reunion commenced with a nostalgic tour of the campus, where the architects revisited the halls, studios, and spaces that once fueled their creative endeavors. Laughter echoed through the corridors as they shared anecdotes, reliving the challenges, triumphs, and camaraderie that defined their years at the institution.

A highlight of the homecoming was a discussion featuring the returning architects with HOD. These sessions explored the transformative journey from academia to professional practice, shedding light on the diverse career paths pursued by alumni and the evolving trends within the architecture industry.

The returning architects were given a glimpse of the changes and developments on the campus since their departure. This included new buildings, state-of-the-art facilities, and advancements in architectural education. The tour highlighted the institution's commitment to staying at the forefront of architectural innovation.

The architects' return to their alma mater after 25 years was a poignant celebration of the enduring bond between education and professional success. The event not only provided a platform for

knowledge exchange but also reinforced the sense of community and shared identity among generations of architects who have passed through the halls of MNIT Jaipur.

वो ख्वाबों के दिन ,सवालॉ की रातें
जवाब के दिन कई साल हमने, गुजारे
यहां यहीं साथ खेले, हुए हम जवां हूवे
हम जवान वह बच.पन बड़ा आशिकाना,
हमारा सलामत रहे दोस्ताना हमारा

ना बिछडेंगे मर के भी हम दोस्तो ना
बिछडेंगे मर के भी हम दोस्तो हमीं,
दोस्ती की, कसम दोस्तों पता कोई पूछे
तो कहते हैं हम के एक दूजे के, दिल में
रहते हैं हम रहते हैं हम कोई और नहीं,
ठिकाना हमारा सलामत रहे दोस्ताना
हमारा |

As the years passed, the friends evolved individually and collectively. Careers took them on different paths, families grew, and responsibilities multiplied. Yet, the essence of their friendship remained unchanged. The ability to adapt and support each other through life's changes became a hallmark of their enduring camaraderie.

With Love and affection,

Manish Jain
